# WHAT TO BRING TO COLLEGE:

- Bedding supplies: Find out what size bed you will have – twin or extra-long twin. Bring a sheet set, pillow, comforter or heavy blanket and pillowcases.
- Bath and Toiletries: Find out what your bath situation is. Do you have a private bath, do you share with another room or is it community? If it is community, you will want a bath tote to take your items to and from the bathroom/showers. If you share with roommates you will most likely be responsible for bringing your own toilet paper. Don't forget towels, shampoo, deodorant, toothbrush and all those other personal items. Remember this is your new home even if you aren't going that far away.
- Laundry Supplies: Will you need quarters, are the washers free to students, or do you use the student card? Bring detergent (does it have to be high efficiency only), hangers, iron, dryer sheets and a laundry basket.
- School Supplies: Is your laptop, iPad or Kindle compatible with services offered at your university? Is there Wi-Fi in your dorm? Bring a charger and headphones. Desk lamps, pencils, notebooks, composition books, calculators, stamps and notebooks are all handy to have on you. Tests in college which require a Scantron must be purchased by YOU ahead of time and are not free like they are in high school. Remember all those chargers for phones and an outlet strip/surge protector, etc.!
- Clothing: Bring enough to fit in your closet space and drawers. Don't forget plenty of undergarments and socks. If you run out of money for the wash, if you have a couple weeks' worth you will be so very glad you do! Bring at least one business outfit for special classroom presentations or if you receive an interview for an internship.
- Room: Talk to your roommate about decorations. Many dorm policies restrict what can be placed on the walls so check your school policy. A dry erase board to exchange notes between you and your roommate or to let others know when you will be back is a great way to keep in touch. You can divide up who will bring curtains, wastebaskets, fans, rugs if interested. Let your roommate know how much you can spend so you aren't stuck with a big bill from him or her!
- Bring cleaning supplies such as glass cleaner and all-purpose cleaner with paper towels. If your dorm allows cooking supplies, a microwave, toaster or coffee maker give it a homey touch.
- Don't forget documents such as driver's license, insurance cards, emergency contact information, debit card and social security card.
- Remember your smile. It's a great way to make new friends.
